Hi my name is Samantha Straley and I am excited to be the Interim 4-H Youth Development Educator for Langlade County. For some of you that don't know me, I actually was a cloverbud and then graduated from 4-H in Langlade County. In my years in 4-H I was very active in the livestock project, the livestock committee, photography, and in various other projects. I loved showing livestock and was very active in showing beef at the fair. Through 4-H I was not only able to grow into a leader, I was able to find my life passions, agriculture and showing and raising beef cattle. I recently have graduated from the University of Wisconsin River Falls with a degree with agriculture and marketing communications with a minor in animal science. While I was at college I was very active in multiple agriculture clubs and organizations that provided me with experiences to better my leadership skills. Without 4-H I wouldn't be where I am today. I wouldn't of grown into the leader I did, I wouldn't of chosen the college that I did, I also wouldn't be in the two working positions I am today if it wasn't for 4-H. 4-H truly has changed my life, and has helped me in so many ways. Not to mention it was fun along the way! I I am excited that you are in 4-H and look forward to meeting you!

Have a great Easter!

Badger Dairy Camp

Badger Dairy Camp is an annual camp held in June and is open to youth between the ages of 12 and 18. This camp, held on the beautiful University of Wisconsin Madison campus, provides an excellent opportunity for youth to get hands-on experience learning how to fit and show animals. Youth also learn about the purebred cattle industry and attend workshops including "Roaming Through the Rumen". Instructors for the camp include dairy industry leaders, graduate students, and UW professors.

Each year the camp is open to one hundred youth. This three day event is open to all dairy youth between the ages 12 and 18. The 2017 Badger Dairy Camp will be held June 8-10. Stop in the 4-H office to pick up an application!

Enrollment for the 2017 camps ends May 1st, but spots fill up fast so get your application in early.

Care Timebanking

Timebanking is a time-based money that helps to build circles and network of mutual support. With timebanking, you give one hour of service to another, and receive one time credit. An hour is always an hour — regardless of the service offered. You can use the credits in turn to receive services — or you can donate them to others.

Timebanks are formed when people come together to use time credits to achieve a shared goal. Many choose to focus on community building. But timebanks have also focused on tutoring in schools, health and wellness efforts, hospital discharge support, juvenile justice, helping seniors to age in community, civic engagement and more.

TimeBanks USA has worked closely with organizations applying timebanking on many different fronts. Here's a quick list:

- young children in elementary schools, (Chicago School District)
- families coping with emotional disorder, (Blended Funding, King County, Washington)
- seniors wanting to stay at home, and needing to feel they matter, (Onion River Exchange)
- patients in hospice and their loved ones, (Community Exchange, LeHigh Valley Hospital, PA)
- refugees and asylum seekers seeking to rebuild community, (Holy Cross Center, London, UK)
- social workers redefining their role from providers to co-producers, (University of Utah, Graduate School of Social Work)
- regular, everyday people seeking to make bridges, not walls, between people, (Hundreds of timebanks)

Our local Care Timebank offers many services for giving and receiving. Transportation, Pet Care, Reading, Yard Work, Tax Help, Child Care, Website Design and Mending just to name a few.

If you or your 4-H Club is interested in learning more please contact Marie Benes at 715-610-0339.

Wildlife Ecology Lessons— We are looking for 1-2 adults to assist Deb with the wildlife ecology lessons and planning. This will be her last year working with wildlife ecology.
